O.L.P.H. CARNIVAL TIME

The annual Carnival of Our Lady of Perpetual Help has always meant three days of fun and merriment for all — from Grandpa down to the first grader. This will be the case this year.

The carnival will be held on September 26, 27 and 28 but there will be a particularly jubilant spirit about the affair for at last a dream has been realized. The dream is the new school. Some 500 students will attend the school when it opens next Wednesday, September 10. The dedication ceremonies will be held on Sunday, September 21.

At the carnival there will be entertainment, games, dancing, prizes, and special booths.

The booths will be sponsored by the various parish organizations and weekly committee meetings are being held in order that everything will run smoothly. So far Father William C. Stewart has announced that St. Mary's Court, C.D.A., will be in charge of refreshments, and Mrs. C. Michelsen will be in charge of the family dinner committee.

The family dinner will be served on Saturday and Sunday evenings, which should leave Mother free to enjoy all the features offered, as well as assuring Father of a delicious meal.

The Mothers' Club is sponsoring the grocery booth with Mrs. F. Garcia in charge. Miss Susan Shroeder is chairman of the cake booth and Mrs. R. Ennis is chairman of the children's booths.

The Kateri club will sponsor several activities but so far have announced plans for the Ragdoll booth. The Holy Name Society will have charge of games, decorations, and lighting.

Judge Sentences "Peeping Tom"

A peeping tom who said he was "just looking to see what he could see" was given a 30 day suspended jail sentence and placed on six months probation by City Judge William J. Sweeney last Thursday. The man said he was Walter J. Kosiorek. Papers in his possession gave his address as 2803 San Jose avenue.

Kosiorek was picked up about 1 a. m. while peeking in the window of one of the cabins at the Mission Auto Court.

Police say that the man made very evasive answers but later admitted that he had been in several auto courts in Daly City and vicinity.

Dan Rowlands Of Hale Bros. Will Address Lions

Dan Rowlands, office manager of Hale Brothers, will be the speaker at the regular meeting of the Daly City - Colma Lions Club meeting at Estrada's next Wednesday noon, September 10. Rowlands, president of the San Francisco chapter of the Retail Credit Mens Association and director of the 11th District of the National Retail Credit Mens Association, will speak on "Today's Credit Outlet." The meeting was arranged by William Degliantoni.

At the meeting yesterday Edward J. Foley spoke on the Community Chest programs.

ALL DALY CITY SCHOOLS OPEN ON WEDNESDAY

Twelve new teachers have been added to the staff of the Jefferson Elementary School District and they will assume their duties when school opens next Wednesday, September 10, Richard L. Crane, superintendent, announced today.

The Jefferson Union High School and the new Parish School of Our Lady of Perpetual Help will also open next Wednesday.

The 12 teachers include Miss Sylvia Eastham, school nurse, and Miss Pauline Buchanan, art supervisor. Three men, Harold Edwards, Don Pagani and Lester Maurel, have been added to the staff and they will devote most of their time to physical education instruction. Maurel will also teach arts and crafts and shop work. Edwards will be at Woodrow Wilson Elementary School and Pagani will be at Jefferson Elementary School.

Miss Jane Boyd and Miss Wanda Bregina will teach at Woodrow Wilson Primary School while Miss Virginia Bolstad will teach at Woodrow Wilson Elementary School.

Added to the staff at Crocker School are Miss Joan Castile, Miss Natalie Matzen, and Miss Mary Hazzard. Miss Jimmie Lee Hall will teach at Jefferson Elementary School.

There are 52 members of the elementary school teaching staff.

YOUTH FACES FOUR CHARGES FOR SPEEDING

A 19 year old Colma resident faces four charges of speeding because he ducked off the Bavshore highway to avoid an alleged hit run victim who was chasing him on Tuesday. The youth is John Zgraggen, of Hillside boulevard.

He was cited for hit-run driving, speeding without due caution, reckless driving and driving without lights. Police chased him down Mt. Diablo. He is scheduled to appear before Municipal Judge Francis W. Murphy on September 10.

Jack M. MacLean, of Detroit, told police that Zgraggen cut in front of him, and damaged his front fender. After the collision, according to MacLean, the other driver turned off his lights and drove away.

County Executive O.K.'s Extension Of San Bruno Road

County Executive Frederick Peterson has addressed a letter to the county planning commission endorsing a proposal of San Bruno city officials to extend California drive from San Mateo through to the north end of the county.

"It would seem to me to be a logical solution to our ever increasing local traffic needs," he said.

San Bruno officials urged the secondary highway because of fears that excessive automobile traffic would be funnelled onto El Camino Real from three cloverleafs being constructed in San Bruno, Millbrae and Burlingame.

ADMISSION DAY

California—97 years young!

"Born" on September 9, 1850 in a raw, rugged wilderness California has advanced from the rough-and-tumble living of a century ago to the smooth, orderly routine of today.

In recent years her growth in population has been likened to the tide of humanity that swept into California by land and sea in '49 to answer the magic cry of "Gold"! The "Second Gold Rush," however, completely dwarfs the first one.

Today California boasts a solid and highly diversified economy. Her agriculture, which in itself is the most diversified in the world, is her top industry now producing crops valued at more than $2 billion annually.

Her sea commerce, though faced with several problems, continues to be of great importance. In land transportation California has made up for the lack of extensive rail facilities through the development of an efficient highway carrier system.

California's industries, many of them new, are steadily increasing in number and expanding in size. The growth of some of these industries, such as the designing and manufacturing of clothes, has been phenomenal.

We Californians — native and adopted — are proud of our state, proud of its past and confident of its future. And so, on her 97th "birthday" anniversary we hail her as the greatest and grandest state of them all.

LIFE IN BRITAIN

The next time you get into your car for a pleasure drive think how it would be if you were forbidden by law to do this. And the next time you eat a couple of pork chops at one meal think how it would be if you had to get along with that much meat for an entire week.

These are but two of the many restrictions which the British people must now accept in the "austerity program"—a desperate attempt to keep England's economic ship from capsizing completely.

Today the people who survived the "Battle of Britain" are engaged in a fight more grim in many respects than the military defense of the "tight little isle" during the darkest days of the war. In fact, the present food rations are lower than they were at any time during the conflict. And there is no hope of improvement in the foreseeable future.

Even those persons with enough money to "get away from it all" by traveling abroad now find the door shut in their faces. Britain cannot afford to let her scant financial resources be spent outside the country except for the most vital items.

Yet, with all these drastic curbs a deficit of $1½ billion annually between the present rate of exports and imports appears likely. The federation of British industries, the most important employer group in the country, urges a program still more severe to achieve a balance.

To a nation which has undergone extreme economic hardships for eight full years and intense emotional strain for nearly six of those years the new restrictions may bring a sharp weakening of morale. The labor unrest in industry appears symptomatic of such a condition.

We cannot help feeling, however, that a people who fought so bravely during the war will somehow find the strength to fight on now.

SARDINE SAGA

It used to be a favorite and somewhat overworked simile to refer to people in a dense crowd as being "packed in like sardines."

But some other expression must be found for it appears that there soon won't be enough sardines to pack into a single can. It's all a very serious matter. Along the coast of California from San Francisco to Monterey fishermen normally catch several hundreds of thousands of tons of sardines annually. Several years ago the catch started to diminish, and this season it has almost reached the vanishing point.

What has become of the sardines? Why have they deserted the ocean area where they were usually found? Nobody knows. The State has appropriated $300,000 for a long-range study of the mystery.

The sardine industry is a multi-million dollar affair employing thousands of persons. But it's hard to operate a sardine industry without sardines. Maybe the FBI could locate the elusive fish.

WESTWARD, HO!

Governor Warren and Senator Downey are agreed that California is faced with a real gangster problem while Attorney General Howser, at last report, was still insisting that all was quiet on the "Western Front." Indications are, however, that Mr. Howser is either trying to soft-pedal the gangland trend westward or he hasn't been looking around much lately. The two murders of underworld "big shots" in recent months indicate that trouble is brewing in the shadows. Mr. Howser and other law enforcement agents should make every effort now to prevent further "invasions" from the East. Their alert and sincere efforts can do much to stem the tide before it reaches flood proportions.

DRIVE STARTED TO GET OUT THE VOTE FOR NEW SCHOOL BOND ISSUE

Plans are being made by a Citizens Committee for a "get out the vote" drive to inform the residents of the Jefferson Elementary School District of the purposes and necessity of the $348,000 school bond issue which will be voted on September 26.

Postal cards are scheduled to be sent to every registered voter in the district. Plans also call for the use of school students to distribute printed material on a block by block basis.

A. J. Bodien, director of public works, is chairman of the special committee to promote the bond issue. He says that all means of publicity will be used to inform the residents of the bond issue.

Plans call for a transportation brigade on the voting day. The brigade will take the voters from their homes to the polling places.

The funds from the proposed bond issue are slated to be used in replacing the 30-year-old Woodrow Wilson school on Santa Barbara avenue with a modern eight-classroom building on two vacant lots north of the existing building, and a four classroom addition to the one-story building west of the old school.

Richard L. Crane, superintendent, said that the total amount of the bond issue, if passed, will be used for these improvements. If the bond issue is passed the district will then be entitled to be called a distressed school district and thus entitled to state funds.

Crane said that an additional school building is needed across the Junipero Serra boulevard because of the new home development in that section. Most of the residents of that area will have children of school age.

According to a survey completed last November, the eight classroom building is expected to cost $195,950 and the four room addition, $112,220. Crane, however, said that building and labor costs have risen over 10 per cent since the survey was made.

School will commence in the seven elementary schools of the district next Wednesday, September 10, and Crane predicts "the largest enrollment this district has ever had."

Speed of Ocean Waves

The greatest apparent speed of an ocean wave is about 27 miles per hour, according to the Encyclopaedia Britannica. Ocean waves reach a height of 50 or 60 feet in the south Atlantic off the Cape of Good Hope.

Horned Caribou

Unlike other members of the deer tribe, both sexes of the Barren Ground caribou have horns, although the horns of the female are shorter than those of the male.

Eloise Harrison Returns From Vacation In South

"We ate lunch just four tables away from where Van Johnson was sitting and we couldn't even get his autograph because we were posing as studio employees."

That is Miss Eloise Harrison's description of a disappointing moment during her ten day vacation in Hollywood and Los Angeles.

She visited all of the major film studios but it was next to impossible to see some of the actual film production work and the stars. Miss Harrison thought of posing as one of the studio workers. She was carefully coached on what to say. But the disappointing moments were when she was not able to use her autograph book.

During her visit in the southland she saw Frank Sinatra making broadcast in the Hollywood Bowl.

She saw some of the radio broadcasts from Hollywood's Radio City and described the sound effects as "the most fascinating part of the programs."

Fatal Hours

During winter months, for every 30 pedestrians killed in the three hours just before sunset, 100 are killed in the three hours just after sunset.

Charm School Conducted Here For Girl Scouts

A three hour charm school was conducted by Mrs. Louise Thompson, nationally known cosmetic expert, at the Girl Scout House, 101 Parkview avenue, on August 22. The lecture, which was under the sponsorship of the Daly City-Colma Girl Scouts, featured a three-point program: social obligations of teenagers, dating techniques, and beauty care.

Mrs. Emma W. O'Keefe, program chairman of the Girl Scouts, was chairman of the lecture. Other Scout leaders who were present included: Mrs. Edward Gould, chairman; Mrs. J. Calvin, troop organization chairman, Mrs. R. F. Pabst, planning committee chairman.

Members of the Girl Scout committees were: Joan Hopman, Dorothy Hacker, Jean Eliasen, Gertrude Runge, Leorna Mejia, Joan Van Vleit.

The other girls who attended the lecture were Carle Carole, Christine Quickert, Alberta Smith, Katherine Heggelund, Beverley Heagney, Janet Schreiber, Mary Simmons, Ester Bridges, Helen Hankerson, Jacqueline Frillson.

County Will Buy Two R. C. Blocks For Courthouse

The county courthouse will stay in Redwood City.

The board of supervisors on Tuesday announced that it would acquire possession of two Redwood City blocks for new county office buildings.

Under the arrangements the district attorney was instructed to start condemnation proceedings for the possession of California Square, which the city cut up to provide two parking strips this summer.

The other block to be acquired is cater-cornered from the courthouse square and is to be used as the site for the new county agricultural station.

Plans have not been completed for the type of building to be erected on California Square. Some thoughts go toward a modest two story building while other thoughts lead toward a modern skyscraper type of courthouse.

Supervisor Martin A. Poss says that the California Square building could be used for a hall of justice with space allotted to courts, supervisors' chambers, district attorney's office and clerk of court.

The county already has allotted $200,000 for courthouse construction but the belief is held that $100,000 additional will be needed to complete the proposed construction.

The decision of the county supervisors to acquire the two Redwood City lots thus threw out the window proposals which would have resulted in moving the county seat to either Belmont or San Mateo. Early this year the county planning commission made a detailed study of other sites and listed Redwood City as having the least advantages and San Mateo the most.

The San Mateo site studied consisted of a 14½ acre plot along El Camino Real at Borel avenue.

Chairman Hatch of the supervisors said this week that any future change in the county seat would have to be initiated by the voters.

Redwood City officials in making the deal with the county supervisors thus stopped any fears that the courthouse would be moved and business taken out of the city.

13 INJURED, ONE DEAD IN COUNTY LABOR DAY WEEK-END ACCIDENTS

Menlo Park Lady Hurt In San Jose Avenue Collision

Thirteen persons were injured and one man was burned to death in his flaming automobile in the county during the Labor Day week end. A Menlo Park resident was injured in an auto accident at the corner of San Jose avenue and Bepler street in Daly City early Monday morning.

Roy R. Lyons, of Belmont, died behind a wall of flames in a ditch off the Bayshore highway in San Mateo on Sunday morning as firemen and traffic officers stood helplessly nearby. Deputy Sheriff Everett Heagney, of Daly City, was first on the scene but he was unsuccessful in putting out the fire with an extinguisher.

Lyons' 1947 model auto skidded 200 feet on the highway and rolled over four times before the gasoline exploded and enveloped the car.

Funeral services were held yesterday for Norman Swank, 17 year old Balboa High School student and San Mateo resident, who was drowned at Lakeport on Sunday.

Mrs. Louisa Roessel, of Menlo Park, suffered injuries to her right side and arm following an auto accident at San Jose avenue and Bepler street about 6 a. m. on Monday. Mrs. Roessel was a passenger in a car driven by her husband, William Roessel. They were driving south on San Jose avenue. Their car collided with a car driven by George Owen Adams, 163 Delong street, San Francisco, who was driving on Bepler street.

Adams was charged with injury to a person while driving under the influence of liquor. He was released Tuesday on $500 cash bail. He will appear in city court during the regular Friday afternoon session.

Mrs. Nellie Fitch, 40, of 2211 18th street, San Francisco, received lacerations and possible rib fractures early Sunday morning when the car in which she was a passenger hit a car driven by William A. Caridis, 28, of San Francisco, on the Alemany extension east of Lake Merced drive. The driver of the car in which Mrs. Fitch was riding was her husband, Ben Fitch, 42. Both Fitch and his wife were treated at the Junipero Serra Hospital and sent home.

There was only minor property damage on Sunday afternoon in an accident on Crocker avenue involving cars driven by John Quincy Adams, 133 Crocker avenue, and Juan Romero Halog, 327 Crocker avenue.

Fred C. Sage, of San Bruno, was treated for cuts and bruises, and Tom Carter, his passenger, suffered cuts, bruises and a fractured leg, following their motorcycle accident with a car driven by Frank Myron, of Sharp Park, in San Mateo on Saturday night.

Edward W. McCarthey, of Burlingame, received scalp lacerations following an auto collision at Warren road and Costa Rica avenue on Sunday afternoon.

Ann Brown, 42, of South San Francisco, slipped in stepping out of her parked auto and hurt her head. She was given emergency treatment at Community Hospital Sunday night. Thomas McCauley, 21, Ann McCauley, 19, and Ellen McCauley, 22, all of San Francisco, were given emergency treatment at Community Hospital on Saturday after the car in which they were riding went out of control on Skyline boulevard near Half Moon Bay road.

Morris Schauer, 23, Leonard Vammocker, 27, and Ida Sanders, 34, all of Palo Alto, received minor injuries on Sunday evening following a collision on the Bayshore highway in East Palo Alto.

Notice Inviting Sealed Proposals Woodrow Street

Pursuant to the Municipal Improvement Act of 1913, as amended, and the Resolution of Intention No. 1947-1 adopted thereunder on July 28, 1947, by the City Council of the City of Daly City, California, and the resolution directing this notice adopted August 25, 1947, said Council hereby invites sealed proposals for the improvement of Woodrow Street in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on July 28, 1947, and on file in the office of the City Clerk of said City, pursuant to said Resolution of Intention, which resolutions are on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the City Engineer and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said City Engineer and said City Council.

Notice is hereby given that on July 28, 1947, this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not, within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of the City Engineer, City Hall, Daly City, California. A deposit of $10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P.M. of the 8th day of September, 1947, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

Police To Participate In Fiesta Police Booth

Members of the Daly City police department will participate in the Peninsula Police Officers Association's police booth at the San Mateo County Fiesta, September 9-14.

Police Chief W. W. Sunderland says he will send as many men as can be spared from their regular duties. The booth will show exhibits on fingerprints, different types of weapons, identification, and police equipment. Members of the various police organizations in the county will be on hand to explain the exhibits to the visitors.

On October 4, the Peninsula Police Officers Association will hold their 19th annual dance at Bay Meadows.

SERVICES HELD FOR FRANK KINGDON

Funeral services were held yesterday for Frank William Kingdon, who passed away at the St. Francis Hospital in San Francisco on Sunday following an illness of about one year. Christian Science services were conducted at 12:30 p. m. followed by Masonic services under the auspices of Pacific Lodge No. 136, F. and A. M. from the mortuary of W. C. Lasswell & Co. Interment was in the Cypress Lawn Memorial Park.

Mr. Kingdon, who lived at 735 Crocker avenue, was the owner of the United Service Co., on Natoma street, San Francisco. He lived in Daly City since 1939.

He is survived by his wife, Sarah M. Kingdon, and one brother, Ernest Kingdon, of San Francisco.

COUNTY ADOPTS GAMBLING LAW

The San Mateo County board of supervisors adopted the gambling control ordinance during its meeting this Tuesday. The ordinance, first of its kind in California, regulates and licenses social clubs, cafes, restaurants, newsstands, bowling alleys, pool halls and card rooms.

The board also passed a companion ordinance regulating and licensing pinball games and other such mechanical amusement devices.

Both laws will go into effect on November 2.

The anti-gambling ordinance gives the county sheriff full responsibility for making investigations of applicants for licenses and for approving or disapproving the applications. The board of supervisors, however, will act as a court of appeal.

Under the ordinance, the applicant must give any past criminal record, those who are financially interested in the establishment and the number of card tables to be operated. Fingerprints are also required. Applicants will be required to pay a $10 filing fee and a $25 license fee.

Heat Breaks Down Egg

An egg is never better than just after it is laid and summer heat will rapidly start to break the egg down. Experiments conducted at the University of Delaware have shown that eggs left in the nest only four hours after being laid deteriorated considerably.

BENNETT EXPLAINS LEGION ACTIVITIES AT LOVCHEN GARDENS

Not all residents of Alcatraz are convicts. There are the guards and the prison officials. And not all activities at Lovchen Gardens pertain to a certain recreation and entertainment nature.

Take for instance the Frank C. Jordan American Legion Post No. 762 in Colma which meets at Lovchen Gardens. Walter Bennett, Route No. 1, Box 263, Colma, said today that if there is any doubt as to the Legion's activities there, then he will explain everything.

He says that there are two names involved at Lovchen Gardens — the Legion Post and the Community Center.

Bennett also wishes to thank Commander Lloyd Tobia, of the 26th District, and six members of the George Washington Post No. 114 in San Francisco for attending the meeting of the Colma post on August 19. The visitors included Commander Jack Eyman, First Vice Commander W. Asher, Second Vice Commander Paul Knible, Chaplain Arthur Scott, Adjutant Kelly Batchelder, Sergeant-at-Arms O. C. Doane.

Gauging Hose

Don't buy sheer hose for every day use if you expect good wear. "Denier," which refers to the weight of the thread, should be the guide; for example, heavy duty rayon stockings should have a 100 denier; everyday hose, 65-75 denier, and sheer dress hose, 50 denier. Gauge, each 1½ inch must be considered also. Buy 51 gauge for 50 denier rayon; 48 gauge for 65 denier rayon; 45 gauge for 75 denier rayon; and 42 gauge for 100 denier rayon. Be particularly careful to get higher gauge if possible, but never lower.

D. C. Revenue Up $25,000 In Year

Revenue receipts of the city of Daly City for fiscal 1945-46 totalled $141,457, compared with $116,705 for fiscal 1944-45, California Taxpayers' association said today, making public its study of revenue sources of California cities.

Of the city's 1945-46 revenue, $82,833 came from the general property tax, $16,342 from licenses and permits, $25,255 from subventions and grants, and $17,027 from other revenues.

The twelve cities in the county showed higher receipts for 1945-46 than for 1944-45, the association said. They are Atherton, Belmont, Burlingame, Colma, Daly City, Hillsborough, Menlo Park, Redwood City, San Bruno, San Carlos, San Mateo, and South San Francisco.

Receipts of California cities for 1945-46, including San Francisco city and county, totalled $201,524,534, compared with $183,748,386 for 1944-45. For 1945-46, city general property taxes amounted to $122,381,285, revenues from licenses and permits reached $10,832,881. Subventions and grants totalled $26,770,671. Other revenues amounted to $41,539,697.

Of the state's 287 cities in 1945-46, 242 showed higher revenues for 1945-46 than for 1944-45, the association found. In most cases, the increases in revenues were relatively large. Forty-five cities showed lower revenues for 1945-46 than for 1944-45, in almost every instance the falling off in revenues being relatively small, sometimes only a fraction of one per cent.

Protect Garden Furniture

Any piece of outdoor furniture, such as garden or lawn benches or tables, wears out or rots much more quickly than furniture used indoors, because of its exposure to the elements. If garden furniture is to be made to last, it is imperative that it be kept thoroughly painted or varnished. If kept indoors during the winter, the repainting or revarnishing job should be done before the furniture is placed in the open for the coming season.

Notice Inviting Sealed Proposals Hillside Manor

Pursuant to the Municipal Improvement Act of 1913, as amended, and the Resolution of Intention No. 1947-2 adopted thereunder on July 28, 1947, by the City Council of the City of Daly City, California, and the resolution directing this notice adopted August 25, 1947, said Council hereby invites sealed proposals for the improvement of streets in Hillside Manor in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on July 28, 1947, and on file in the office of the City Clerk of said City, pursuant to said Resolution of Intention, which resolutions are on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the City Engineer and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said City Engineer and said City Council.

Notice is hereby given that on July 28, 1947, this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal, or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not, within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of the City Engineer, City Hall, Daly City, California. A deposit of $10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P.M. of the 8th day of September, 1947, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

Detroit Man Gives Talk On Delinquency

We like to tell ourselves that if we could only have more recreation, or better schools, or more understanding parents then we could prevent delinquency.

But Dr. Fritz Redl, of Detroit, speaking to more than 150 professional people, community leaders and parents in San Mateo on Friday said, "It just isn't so."

He branded as an "illusion" this idea of a "bromo seltzer" formula for meeting the problem. He said that the "multiple" attack on juvenile delinquency by the entire community acting together as it does on disease prevention is the only one that offers hope.

Dr. Redl spoke under the auspices of the Mental Hygiene Society of San Mateo County.

Recreation Department Boxing Show At Jefferson Union High School Gymnasium Entertains More Than 750 Spectators

The Daly City Recreation Department presented their second annual boxing tournament Wednesday night, August 27, in the Jefferson Union High School gymnasium. A crowd of over seven hundred and fifty excited spectators cheered and applauded through each round of the fifteen bouts.

The most thrilling bout of the evening was the main event between Claget Shulda and Henry Morgan. In the first round Shulda drew blood from Morgan's mouth and nose while Morgan rallied with terrific blows to the body. The second round was even with both boys exchanging blow for blow. In the third and last round Shulda's aggressiveness, left jabs, and overhand right hands to the jaw and head were too much for Morgan; Shulda won by unanimous decision of the judges.

The matches held were as follows:

Billy Beacher won by decision over Dan Rasmussen.

Jim Galindo won by decision over George Schreiber.

Bob McDonald won by decision over Andrew Pastrikas.

Dave Rasmussen won by decision over Bruce Selmi.

Don Espinoza won by decision over Dick Hansen.

Ray Rosa won by decision over Walter Huntsman.

Richard McDonald won by default by Mike Laramin. (Ray Rosa substituted for an exhibition.)

Bob Gallagher won by decision over Bill Sherriff.

John Madden won by decision over Ray La Masters.

John Attenisia won by knockout vs. Joseph Silicani.

Ed. Galindo won by decision over Pat Hamilton

Buster Sherriff won by decision over Bob Tackitt.

Benny Stern won by knockout vs. Martin Merice.

Carl Gruenwald won by default of Harold Muller. (Dick Eager substituted for an exhibition.)

Claget Shulda won by decision over Henry Morgan.

Boxing Coach Bob Seiler was the referee for the evening. Judges: Mayor Melford Battye and Councilman Ed Dennis. Timer: Sgt. Roy Beecher, D.C.P.D. Medical attendant: Ruth Swanson, R.N. Announcer: Elman Rose, recreation director. Ring aid: Glen Smith. Boxers' seconds: Richard Selmi and Jack Allain. Programs: Kathleen Schreiber, Florence Stefanelli and Lorraine Sanders.

During the intermission, Elman Rose made the presentation of baseball pennant to Daly City Hardware team who were the winners of the Daly City Recreation Department 1947 summer Junior Baseball League. George McLeod accepted the pennant on behalf of his team.

The winning boxers each received a beautiful silver medal. The boys who did not win received similar bronze medals. The medals were inscribed with the year 1947, and D.C.R.D. All boxers participating were awarded free swims by the Jefferson Union High school.

Watch the program next summer for the date of the third annual recreation department boxing tournament finals. The boys really put on a good show.

Hazel Pitches Shutout Against Machinists Local

"Lefty" Hazel, of the Daly City Merchants, pitched a shutout against the Machinists Local 68 at Marchbank Park last Sunday afternoon. The local team won 8-0.

Hazel pitched a four hitter against the Machinists who were hitless until the sixth inning.

The Merchants collected 13 hits. Neil Pezzola, first baseman, hit two triples which would have been over the fence for a home run at any other park. Fred Lucia and Sam Lucia both hit doubles to drive in runs. Fazzio and Hazel collected two hits each.

The Merchants started scoring in the second inning when Pezzola started out with a triple. Krohn walked, then stole second before Sam Lucia belted one over the center fielder's head to score Pezzola and Krohn. Hazel then came up with a hit to left center, which drove in Lucia.

Baseball School Slated Saturday At Marchbank Park

A baseball school sponsored jointly by the Daly City Recreation Department and the San Mateo County Boys' Boosters Club will be held this Saturday, September 6, at Marchbank Park.

The school has been held in San Mateo several times and has attracted hundreds of youngsters. The school will get underway at 1:30 p. m., Joe Bonowitz, club president, said today.

Bonowitz, a professional baseball player for 20 years, will be one of the instructors. Others will include Harold Stoeven, manager of the San Mateo Blues; Bert Dunne, coach of the Burlingame - San Mateo American Legion junior baseball team; Bob Evans, of San Mateo; and Heine Thompson, of Burlingame, coach of Our Lady of Angels' School baseball team.

Another instructor will be Bernie Deviveros, Detroit Tiger scout, who will demonstrate correct technique for sliding into bases.

Purses Reported Stolen At Salada Beach Sunday

Three ladies' purses were reported stolen from a parked automobile at Salada Beach on Sunday afternoon. The purses, which contained about six dollars in cash, belonged to Mrs. I. C. Larson, Miss Alice Weyand, and Miss Erna Wiele.

The case was reported to the Daly City police but was referred to Deputy Sheriff George Krehl as the alleged theft occurred outside of Daly City.

"Jack" Anderson Talks At Lions Club Meeting

Congressman John Z. Anderson defended his support of the Taft-Hartley labor act in a "report to the public" during a special Daly City - Colma Lions Club luncheon meeting at Estrada's on Tuesday, August 26, before more than one hundred Daly City residents and businessmen. Stanford Hannah, president, presided at the meeting.

The greater part of Anderson's one hour long speech on the work of the last session of congress was devoted to a discussion of the labor bill which he predicted would result in some purging — but not in congress.

Anderson said that the rank and file of labor, when fully aware of the fairness and equal justice of the labor act in actual operation, would acclaim it rather than condemn it.

"However," he declared, "I am aware that labor bosses who have lost sight of the worker's rights and put their own power ahead of the welfare of the workers and the good of industry and the nation are opposed to any curb on their power.

"A thorough reading of the bill would reveal that it guarantees and perpetuates all of the rights labor now has. It corrects some gross inequalities in the Wagner Act. In fact it frees labor from some of the bad things being done to it by labor's own leaders."

Anderson outlined eight accomplishments of the 80th Congress, which he termed the "Congress that delivered the goods."

The eight bills described to the audience:

1. Reduced the federal budget by eight per cent or $2,700,000,000.
2. Removed wartime controls, including those on sugar and housing.
3. Unified the armed forces.
4. Changed the system of presidential succession.
5. Limited the tenure of any president to two terms.
6. Provided for cashing of veterans terminal leave bonds.
7. Renamed Boulder Dam to Hoover Dam. (Anderson introduced this bill and won unanimous approval of the house without making a speech.)
8. Established a navy post-graduate school at Del Monte. (This bill was also introduced by Anderson.)

Anderson made a swing through the county during the day. He made an informal breakfast talk at Half Moon Bay and spoke in the evening before an overflow crowd of 300 citizens at the Benjamin Franklin Hotel in San Mateo.

Colma Boys Have 5-5 Game With Hollywood Dinette

The Colma Senior Boys' Club, ahead at the end of the sixth, were tied 5-5 at the end of the tenth in the game last Sunday afternoon in Jackson Park with the Hollywood Dinette.

The two teams were about evenly matched but it was too hot to play good ball. The Dinette team was composed mostly of veterans and were an older group of players. They made their last run and thus tied up the ball game only because of a Colma error.

The Colma boys will play De Nikes this Sunday morning at 10 a. m. at Jackson Park.

LOCAL VETERANS CASH TERMINAL LEAVE BONDS

Most GI's Need Money To Meet Accumulated Bills

Daly City and Colma veterans will be $150,000 richer by Saturday night. That is the estimate made today by Joseph L. Leonetti, Daly City Bank of America official, who says that more than 500 local veterans will have cashed in their terminal leave bonds by then.

On Tuesday, the first day that the bonds could be cashed, 92 Daly City veterans received $28,600 while the Colma branch handed over $11,500 to 40 veterans.

Yesterday and today there were long lines waiting in both of the banks. Even before the 10 a. m. opening crowds were gathering.

Leonetti admits that Saturday will be the biggest day as many veterans do not work on Saturdays.

Bankers estimate that only 28 per cent of 9,000,000 ex-servicemen will hold the terminal leave bonds until maturity five years from now.

A great many of the veterans who cashed in their bonds in Daly City yesterday admitted they wanted the money to pay old debts or to buy a few luxury items. A few, however, admitted that they would use the money to "go on a spree."

The average amount of the bonds cashed in were $280 but a few were close to $700.

Practically all of the veterans walked out of the bank with the cash in their hands. Few put the money into a checking account or a savings account. Practically no one could be talked into holding the bonds for five years at 2½ per cent interest annually.

Of the first to cash their bonds 90 per cent of those interviewed revealed that they would use the money for accumulated bills and future dentist, doctor and household expenses.

The percentage followed closely the results of a nationwide poll conducted a month ago by the Army Times.

The Army newspaper said that the money would be used as follows: 69% for bills, 7% for new clothes and furniture, and 11% for education.

Local business men, quizzed on the possible effect of cashing the bonds were in agreement that it would have an immediate effect on entertainment and tavern sales but as most veterans are in debt (80 per cent of all veterans are in debt, according to the Army Times) most of the money would be used to pay off indebtedness.

San Mateo County Takes 11 Firsts At State Fair

San Mateo county was awarded first prize in 11 out of 15 county floral exhibits displayed in the state fair's "Hall of Flowers" at Sacramento this week.

An orchid first was won by the E. W. McLellan Co. of Colma, which took top honors in the class for more than 100 plants and second place for tuberous rooted begonias floated in a pool.

California chrysanthemum growers of Redwood City tock second place in a contest for arrangements of not less than 40 blooms and first place in another class for the same arrangement.

The first place winnings were awarded for the following:

County floral exhibit, maiden hair fern, St. Paulias, display of flowering and ornamental foliage plants, straw flowers, potted fuchsias, hybrid amaryllis, county booth orchid display, potted tuberous begonias in bloom, potted caladiums, and gloxinias.

Johnstone Wins Race At Belmont Speedway

Lyle Johnstone, of Daly City, won the 35-lap Labor Day main event midget race at the Belmont Speedway in 9:19.04 before 3750 fans. Woody Brown, of Oakland, was second while Jerry Piper, of Walnut Creek, was third.

Don Ranke, of Berkeley, came in first in the 20-lap semi-windup in 5:25.23.

Don Sanders, of Menlo Park, took the "rambling wreck" novelty race, winning in a 1920 Dodge.

"FIRE FIGHTERS FACTS"

STOP FIRE WASTE, PRESIDENT URGES

President Truman, addressing the United States Prevention conference in Washington May 6, 7 and 8, said, "Safety from fire is definitely a year-round public responsibility. I believe that the highest state and municipal officials must assume greater responsibility for leadership in this field. We in the federal government can give aid within the framework of existing agencies. But the impetus must come from the states and from every community and every individual in the land.

A DRAIN HOUR BY HOUR

"Thousands of lives are lost annually and tens of thousands of people are injured in the many less spectacular fires which occur hour after hour, day after day throughout the year.

"Our first concern is for the lives of our people, especially those of young people. Fire strikes hardest at youth. Two thousand children, on the average, die every year from burns, and thousands of others are scarred for life. This toll MUST be reduced.

"Next in importance is the fact that we as a nation cannot continue to ignore the staggering destruction of goods, natural resources, buildings and other property by fire. No dollar value can ever be put on the irreplaceable things which fire destroys.

"I can think of no more fitting memorial to those who died needlessly last year in the LaSalle Hotel fire in Chicago, the appalling disaster at the Winecoff Hotel in Atlanta, and the more recent New York tenement holocaust than that we should dedicate ourselves anew to ceaseless war upon the fire menace."

August 31, 1:02 p. m., Box 51, grass fire; companies 1, 2, 4 responded.

The Daly City Fire Department responded to 16 fire calls during the month, five of them being false alarms. This high average of false alarms must come to an end. It is the duty of each and every citizen of this city to help lower this average.

National Fire Prevention Week is October 6 to 12. Will you be prepared if fire strikes tonight?

SERVICES HELD FOR WILLIAM OVERHOLSER

Final rites for William R. Overholser, 66, of 117 Los Banos avenue, retired auto court manager, were held this afternoon at 2:30 p. m. in the chapel of W. C. Lasswell & Co. Inurnment was in Cypress Lawn Memorial Park.

Mr. Overholser, who was born in Petaluma and had lived in Daly City for four years, died Sunday in a San Mateo hospital after a short illness.

He is survived by his wife, Mrs. Mollie Marie Overholser, and his sister, Mrs. Rita Canfield, of Los Angeles.

Superintendent Crane Becomes A Grandfather

Richard L. Crane, superintendent of the Jefferson Elementary School district, became a grandfather on August 30 when a son was born to his daughter, Mrs. William Swan, the former Lyla Crane, of Santa Rosa. The eight pound four ounce boy, named Richard Edward Swan, was born in St. Francis Hospital in San Francisco.

Peninsula YMCA Appoints An Associate Secty.

The appointment of an associate secretary for the Peninsula Branch YMCA to handle work for the Daly City, San Bruno, Millbrae and Lomita Park areas will be made in the near future, Carl Cunningham, chairman of the board of managers announced today.

The announcement was made in connection with the appointment of John J. Ivan, staff secretary of the Hamilton, Ontario, YMCA, as associate secretary of Peninsula YMCA in charge of North County activities.

Ivan graduated from McMasters University, studied later at the University of Minnesota and spent two years of geological survey work in the northern part of Canada.

Later he served as swimming director for a Toronto YMCA and until two years ago was the boys physical director.

Marilyn Hodge Home From Red Cross Camp

Marilyn Hodge, a junior at Jefferson Union High school, has just returned from Camp Celio, Nevada City, California, where she attended the second Junior Red Cross leadership training camp to be held at this location. Last year the first JPC camp in the Pacific states was conducted here.

The training session, which lasted from August 14 through August 26, was attended by 153 student leaders representing 60 American Red Cross chapters in California, Arizona, Nevada and Utah.

Marilyn, who resides at 153 Hillside boulevard, was selected by the San Mateo County chapter as its delegate from the Jefferson School district, according to Mrs. Hillyer Brown, chairman of Junior Red Cross. Marilyn states, "Camp was run by students with advice by counselors only when needed. It was grand the way everyone cooperated and all got along together."

In reviewing accomplishments, Mrs. Brown reports that delegates learned that in the past year alone more than 750,000 gift boxes for children abroad were packed for shipment by Junior Red Cross members and innumerable recreational and holiday items for army and navy installations at home and overseas were made by members of the youth organization.

The 12-day encampment at Camp Celio, featured instruction in the planning and organization of local, national and international phases of Junior Red Cross programs. The fall program for the organization will give special attention to school enrollments, Junior Red Cross Council organization, gift boxes for foreign children, international correspondence, international exchanges of art work, services to the handicapped, production for hospitalized servicement and veterans, and community services.

VISITOR IS CLAWED BY CAT

A jealous male cat clawed Mrs. Angela Matucchi, 53, of Oakland so badly last week at the Daly City home of her daughter that Mrs. Matucchi required hospital treatment for bites and claw marks on her right wrist, arm and neck.

Mrs. Matucchi, a former resident of Daly City, was treated at Junipero Serra Hospital.

She said she had taken her own cat, also a male, to the home of her daughter in Daly City. When the two cats got together the Daly City cat became jealous of the attention shown the Oakland cat and attacked Mrs. Matucchi.

Authorities at the hospital in filling out the forms, put down "jealous male cat" under "cause of injuries."

WILBUR FELLOWS IN MEXICO CITY

Wilbur Fellows, who was graduated from the San Mateo Junior College in June, is spending the summer in Mexico where he is a student at Mexico City College. He is planning to stay south of the border until early next year when he will enter the University of California.

* * *

My roommate and I were fortunate to go on a Mexico City College sponsored trip to Cuernavaca and the merry pyramids of Xochicalco on August 17. We met at the Palace de Bellas Artes in downtown Mexico City next to the world famous Alameda and went on one of the two waiting buses.

Several times we stopped along the road side to stretch and admire the beautiful scenery. And one time we ate tortillas, tortas and enchiladas in one of the villages.

Shortly before noon we arrived at the city of Cuernavaca. We visited the four hundred year old cathedral where we saw a wedding. At the center of the town the orchestra was playing a regular Sunday afternoon concert, so typical of the Spanish speaking countries.

After walking through the market place we went over to the Cortes' Palace, another sixteenth century cathedral and although most of it is closed to the public we did manage to see the famous paintings of Diego Rivera on the second floor veranda.

Shortly after our return to the buses we left for the pyramids of Xochicalco, a religious haven which is known as an ancient Mayan city of pyramids.

So far archiologists have uncovered only the largest one of the many earth covered pyramids because of lack of funds.

After two hours of hiking around the hills we finally returned to the buses and, as we were thirsty and tired from our wanderings, we set off for Mexico City. We all realized that we had seen a great many of interesting things and had a good deal of fun during the day.

Salary Raise For Dr. Charles C. Gans Was Deferred

The civil service commission deferred the request of Dr. Charles C. Gans, county health director, for a salary raise to $12,000 during the regular meeting last Friday in Redwood City.

The commission referred to the board of supervisors a request for reduction of ambulance drivers' working hours from 63 to 48 a week. Russell J. Cooney, director of personnel for the commission, said the present rate of $238 to $297 a month for 63 hours a week is the same paid now in surrounding counties for the 48 hours.

The commission set up three classifications for the harbor dredging operations at Coyote Point and asked that a closed shop be instituted.

Farm income is the product of total farm goods multiplied by the price per unit.

Return From Week's Vacation

The one-week vacation of Miss Doris Vernengo, 398 Bellevue avenue, and Miss Nadine McDonnell, 362 Willits street, ended last Thursday evening when the giant United Air Lines plane landed at the San Francisco airport on a flight from Los Angeles.

The two girls spent their week at the Hotel Hilton in Long Beach. Highlights of the short vacation were a trip to Catalina Island, dinner at the Brown Derby, and the evening performance of Ken Murray's "Blackouts."

Two Teen-Age Hitch Hikers Run Afoul Of Curfew

Two teen age hitch hikers who thumbed their way across the country from their home in Indianapolis, Indiana, were picked up by the Daly City police at one a. m. on Friday morning for violating the 10 p. m. curfew ordinance.

The youths said they were 18 year old David Blair and 17 year old James R. Cobb.

They were walking on Mission street between East Moltke and East Cavour streets. When they saw the police car approaching they darted up East Moltke street, according to the police.

They were apprehended and brought to the police station. Juvenile Officer Lovoi authorized release of the boys on Friday morning.

County's Oldest Resident Dies

San Mateo county's oldest living resident, 101 year old Daniel W. Dillon, of Pescadero, died last Thursday after a brief illness.

Dillon, a native of Eire, came to San Francisco in 1863. For several years he lived in Hawaii where he exported seagull eggs to San Francisco's Chinese pastrymakers.

He came to Half Moon Bay about 15 years ago. Funeral services were held on Saturday at the home of Antone Pimentel in Half Moon Bay. Interment was in the Catholic Cemetery in Pescadero.

Driving Lesson Cost $30 For Short Session

Driving instruction can be fun—and expensive. It cost Marino M. Betancourt, of Oakland, $30 because he wasn't teaching his pupil in the prescribed manner. City Judge William J. Sweeney added an instruction period of his own, when he found Betancourt guilty of reckless driving and speeding, during the court session on Friday.

Betancourt originally pleaded not guilty to the two counts so the trial took place on Friday.

Betancourt was given a citation on August 17 after police chased him for about one mile along Mission street. Police Officers Petrocchi and Linhares, when they finally stopped Betancourt, found that he was behind the wheel and had his feet on the peddles, but seated behind him was the actual driver, Jesus Cruz.

In court on Friday Betancourt admitted that Cruz was the actual driver but said that was the only method he could use as Cruz's feet didn't touch the peddles. Betancourt added that he wasn't too sure that Cruz could handle the car alone, anyway.

Police Officer Petrocchi told the court that the car driven by the Betancourt-Cruz combination was driving south on Mission street and barely missed several cars just by inches.

Police clocked the car for two blocks and found it was doing 45 miles per hour.

MOTHERS CLUB PLANS MEETING

The Mothers' Club of Our Lady of Perpetual Help church will hold its first meeting of the new term at 8 p. m. next Friday, September 12. As this is the first meeting to be held in the new school a large attendance is expected. A social hour and refreshments will follow the usual business meeting.

Cosbies Visit Visalia On Labor Day Outing

Mr. and Mrs. J. H. Cosbie, 510 Bellevue avenue, motored Saturday to Visalia to attend the beautiful garden wedding of Miss La Verne Smith and William Bain on Sunday afternoon. Jack Cosbie jr., Olga Turk and George Chase were in the Daly City party.

On Monday all of the Daly City residents motored to Sequoia National Park and returned home late Monday evening all tired and happy after a wonderful week end.

Swimming Pool Will Be Closed In Afternoons

The Jefferson Union High school swimming pool will be closed in the afternoons beginning next Wednesday, September 10, the first day of school. The pool will be open this week and next Monday and Tuesday.

The Saturday afternoon and regular evening schedules remain the same until Thanksgiving when the pool will be closed for repairs. The gym will be open in the evenings for basketball on Monday, Tuesday, Thursday and Friday. Badminton may be played on Wednesday evening. The pool is open on Wednesday evening for ladies only and on Monday, Tuesday, Thursday and Friday for mixed groups.

VETERANS
Hold on to your bonds!

Veterans! Set an example of level-headed thrift. Don't cash your terminal-leave bonds now, unless you must.

If you need the money desperately—or are in debt—that's different. Otherwise, hold on to your bonds. You'll be glad later.

Every terminal-leave bond earns interest at 2½% a year. A $100 bond is worth $112.50 to you if you hold it to maturity.

So hold those bonds until you can get full interest and full value.

Motorists Warned On Fire Hazard

Warning to all motorists that the throwing of burning tobacco, matches or any other flaming or smouldering material from an automobile is a direct violation of state law was sounded today by the California State Automobile Association.

The Association appealed to the motoring public to observe extra precautions to prevent disastrous forest and range fires during the few remaining weeks of the dry season, which has been one of the longest and driest on record. The usual hazard is greatly aggravated this year by the sub-normal rain and snow fall last winter, creating a tinder-box dryness in outdoor areas.

While Californians, in general, realize the hazard which always exists during the dry months, there are hundreds of thousands of new residents in the state and tens of thousands of visiting motorists who do not realize the damage which may be caused by a cigarette, cigar or match carelessly tossed from a moving vehicle.

School's Open — Driving, Walking, Take It Easy!

This message, displayed on colorful posters has appeared on 200 major San Francisco street intersections where school children cross en route to and from school. The posters are designed to assist the boys of the School Safety Patrols in their efforts to protect other children at street crossings near schools.

Installation of the posters was handled by the San Francisco Junior Chamber of Commerce, under direction of Loren Sommer, chairman of the safety and transportation committee. The posters were furnished by the California State Automobile Association, which cooperates with the Police Department, the Board of Education and Parent - Teacher Association in sponsoring school safety patrols.

The intersections where the posters appear were selected by Inspector Byron J. Getchell, who is in charge of organizing and training the Safety Patrol boys.

Motorists are urged by the Automobile Association to observe the signals of the Safety Patrols, and to help the boys maintain their twenty-four year accident-free record at patrol-guarded crossings.

Antique Show At Civic Auditorium September 10-14

Royal heirlooms and antiques valued at more than $3,000,000 will be on display at San Francisco's Civic Auditorium September 10-14 when the first large scale West Coast Antiques Show takes place there.

Stanley Rauh, show director, announced today that more than seventy dealers from the Pacific Coast will bring 40,000 collector's items to be on sale during the five-day affair.

Among the displays will be collections of furniture, jewelry, period furnishings, screens, bells, plates, lamps, glassware and thousands of other antiques.

The display of heirlooms and rare objects d'art include a 200-year-old Meissen porcelain tea set, given by Prince Albert to Queen Victoria as a wedding gift nearly a century ago.

News Column For The Vets

The Veterans Administration has guaranteed 6,899 business loans for California veterans of World War II under the G.I. Bill. The loans are valued at $25,576,000.

Veterans have obtained loans to start businesses of all types. The vast majority of veteran business enterprises have been successful to date since only 246 of the loans have resulted in claims against the government.

Business loans obtained by veterans are about equally divided between northern and southern California. The San Francisco regional VA office has guaranteed 3,333, the Los Angeles office 3,307 and San Diego 259.

The Veterans Administration recently compiled the 10 questions most frequently asked by World War II veterans about business loans. The questions and answers are:

Question: How does a veteran go about getting a loan for business purposes?

Answer: As in the case of home loans, he first must find a bank or other private lender willing to advance him the money.

Q. How much of a business loan made by a lender will VA guaranty?

A. VA will guaranty 59 per cent of the loan up to a maximum of $4,000 if the loan is for the purchase of business real property, and up to $2,000 for non-real estate business loans, such as for working capital.

Q. Can the veteran get a guaranteed loan for any type of business?

A. If the lender is willing, the loan may be used for any legitimate business purpose.

Q. Is there any limit to the duration of a business loan?

A. Non-real estate business loans are repayable in 10 years or less; real estate loans may run up to 25 years.

Q. Can a veteran enter into business with non-veterans and obtain a guaranteed loan?

A. Yes, provided the interest of the veteran is properly protected, but the guarantee must be limited to the veteran's portion of the business.

Q. Doesn't the veteran also get a gratuity payment of some kind?

A. Yes. VA pays the lender, for credit to the veteran's loan, an amount equal to 4 per cent of the guaranteed portion of the loan. For example, if the guaranteed portion is $3,000, the lender will receive $120 from VA to credit to the debt of the veteran.

Q. What interest rates are lenders permitted to charge on business loans?

A. In most cases, 4 per cent is the maximum. However, the interest rate may be slightly higher for certain types of insured business loans.

Hose Connections

Inspection of the car's radiator and heater hoses for leaks and deterioration at regular intervals is recommended by the California State Automobile Association. Hot water flowing under pressure through rubber hose over a period of time may cause the interior of the hose to swell, cutting down the flow of water.

Brake Inspection

For safety's sake, removal of automobile wheels every 5,000 miles for brake inspection and for repacking wheel bearings with the proper lubricant is recommended by the California State Automobile Association.

Scratched Windshields

A mixture made of glycerin, water and jeweler's rouge (iron oxide) is said to be effective in removing scratches from automobile windshields, the California State Automobile Association reports. When the paste is rubbed back and forth over the scratched portions of the glass, the surface quickly becomes smooth.

How to satisfy school day appetites

by Carol Drake

BUILD A BANANA SCHOOL HOUSE atop each bowl of cereal to start breakfast right the first day of school. Cut half a peeled banana into four logs. Arrange logs in a square; fill center with berries.

GINGERBREAD SANDWICHES ARE the "Sugar and spice and all things nice" for lunch boxes. Bake gingerbread in loaf pan for dinner the night before. Serve hot slices covered with apple sauce flavored with orange juice and grated rind. For lunch box sandwiches, spread slices of gingerbread with cream cheese and apple jelly.

BOILED RICE has a two-meal stretch for menus on busy days. Cook for breakfast (1 cup uncooked equals 3 cooked); serve hot with brown sugar, chopped dates, cream. At dinner re-heated rice comes up as nests for creamed meat or pudding for dessert.

SOAKED PRUNES AND CRISPLY FRIED BACON are a pleasing sandwich-filling duet. Play "Chopsticks" with the chopping knife over them. Moisten mixture with lemon juice. Best on brown bread.

THREE-IN-ONE COOKIES give everyone his favorite flavor. Make up a plain 2½-or 3-cup-flour recipe of drop cooky batter or rolled dough. Divide it into three parts. To one part, add ½ teaspoon each cinnamon and allspice, and ½ cup raisins. To another, add 2 squares melted chocolate. To third, add ½ cup shredded coconut. Bake.

THIN, UNPEELED APPLE SLICES between buttered slices of raisin bread equals a sandwich Junior and Sis will be glad to whip up for themselves. Spread with brown sugar, the sandwich is in the blue-ribbon class. Try with a big bowl of bean soup.

SPREAD APPLESAUCE ON hot buttered toast; crisscross with crisp bacon for a breakfast or lunch snack that's nice to munch on.

If you are planning a farewell party for friends who are moving away to a new home, write for our free leaflet, Farewell Parties. Address your request to Carol Drake, The Homemakers' Bureau, Box 2110, Dept. F.P., San Francisco 26, Calif.

Wall Paper Serves As Color Guide To Give Homey Touch To Livable Rooms

There's no need to discard provincial furnishings just because the Joneses' have gone modern. Nothing can be cozier or more comfortable for gracious living than the tried and true Colonial styles shown above.

This early American living room is a charming spot for entertaining friends and provides an inviting corner for settling down for a quiet evening. Blessed with a fireplace of stone and natural pine paneling, it adds color and interest with a vivid floral wall paper of warm greens, yellows and a touch of orange. Upholstery in the same color scheme of the wall paper enhances the simple maple furniture.

You will find a wide range of shades and styles of wall paper suitable to any furniture or color scheme. If you're not too sure of your own knowledge, let the wall paper be your guide. Use the background color for your woodwork, and choose other colors for the floor covering, upholstery and draperies. The minor accents will serve as a suggestion for accessories.

WHERE TO GO --- WHAT TO SEE --- WHAT TO DO

Week-end trip on your mind? Need some ideas about where to go, what to do? With you in mind, the Travel and Recreation Committee of the California State Chamber of Commerce rounds up the following list of events for the coming week end of September 5, 6 and 7.

Three final days remain to take in the California State Fair, which closes Sunday, September 7, with one of the biggest programmed days of all.

Next Tuesday, September 9, is Admission Day, a State holiday, and at Long Beach the Native Sons of the Golden West will meet for their annual observance of California's admission to the Union. A Grand Parade at 10 a. m. will be followed by a barbecue at Bixby Park.

California State Fair, Sacramento, continues through September 7.

MILL VALLEY: 37th Annual Dipsea Marathon Race. Considered a classic among events of its kind in the United States. Monday, September 7.

SAN MATEO: San Mateo County Fair and Floral Fiesta. At Bay Meadows, September 9-14, inclusive. Accent on gardens and flowers, with the theme "Gardens Through the Years." A Chinese garden, English cottage garden, Spanish garden, a garden typical of the days of '49, and many others down to a modern peninsula garden. Exhibits include agricultural, domestic science and arts, poultry and pigeons and an extensive hobby show. Children's day, Friday, September 12, sponsored by San Mateo Boys Booster Club. Carnival direct from the State Fair and General Motors "Prevues of Progress" among the attractions. Events every evening at 7, fair open daily 10 a. m. to 11 p. m. Sunday, September 14, is Aviation Day with air races and model planes in flight among the programmed events.

SACRAMENTO: California State Fair. Continuous through September 7. Outstanding displays from 40 of the state's 58 counties, a $25,000-premium flower show, comprehensive display of the finest works of California artists and photographers, a $2,000,000 livestock show, commercial exhibits with the first complete showing of post-war farm equipment and machinery, lavish entertainment, horse show nightly, a midway described as the "brightest and gayest in State Fair history," harness and running races daily except Sunday, five restaurants, dancing every night to name bands and many more special events and programs.

ESCONDIDO: Grape Day Festival. September 8-9. The main theme of this festival since its inception in 1908 has always been the giving away of luscious Muscat grapes which thrive in the area . . . and this year will be no exception. Program for the 8th includes "Catch It and Keep It" contest, entertainment, dances and a Donkey baseball game. Beginning at 10 a. m. on the 9th a mile-long parade of floats, bands, horsemen, etc. will be staged, followed by afternoon and evening entertainment from the stage of Grape Day Park. Dancing in the evening, concessions, rides and exhibits both days. Everyone is cordially invited.

LEMON GROVE: Mission Rancho Fall Round-up. September 7. All-western horse show featuring a grand championship for the high point horse of the day. Stock horse showing, calf-roping tactics, cattle-cutting, races, and pleasure-horse classics. Showing of breeding class horses in the morning. Sponsored by Father O'Donoghue.

SAN DIEGO: San Diego Skating Club's Ice Revue of 1947. September 4-7. Third annual carnival on ice, featuring only local talent except for two guest artists. Cast of 200, including Letha Linn, California senior women's champion. To be held at Glacier Garden.

Breezy Ranch House

Breezy ranch-type house, shown above as pictured in the July issue of Good Housekeeping, may prove one of the solutions to today's building needs. Long and low, it has a breezeway, covered terrace, three bedrooms and everything in a house that makes for cool, gracious living.

Making Soap

Mild soap may be made from only three ingredients, fat, water and lye. If hard fat, such as beef or mutton, is used, the proportion is six pounds of fat, six cups of water, and one can of lye. If a soft fat such as lard or bacon fat is used, use the same amounts of fat and lye, but reduce the water to four cups. The soap may be made stronger by adding one and one-half tablespoons of borax and one-half cup of ammonia.

Peas Won Votes

The Romans were so fond of peas that candidates for public office used to distribute them free to the people to make themselves popular.

Devised Spectacles

Spectacles were first devised about 1285 by Salvino Armati, a young nobleman of Florence, Italy. Some investigators have asserted that he was assisted in his work by Alessandro Spina, a Dominican monk of Pisa. However, the monastery archives declare that Spina learned from another the art of making spectacles.

Vehicle Accidents

More American lives were lost in motor vehicle accidents in 1945 than were lost during the past 75 years in 36 major disasters resulting from fire, flood, storm, earthquake and explosion.

New Driving Rules Are Effective Soon

Drivers of motor vehicles in California must make several important changes in their driving practices as the result of amendments to the State Vehicle Code adopted by the 1947 session of the legislature. Issuing a summary of the major new regulations today, the California State Automobile Association urged motorists to become familiar with the changes in anticipation of their effective date, September 19. Principal changes are:

Right turns against a red light will be permitted when traffic is clear except where a sign prohibiting such a turn is posted. Under the old law such a turn was prohibited unless a sign authorizing it was posted.

Drivers of vehicles traveling at less than normal speed will be required to keep to the right hand lane.

Passing to the right of another vehicle by driving off the paved or main traveled portion of the road is prohibited.

Hitch hikers are barred from standing in the roadway to solicit a ride, though they may stand on the road shoulder or curb.

Motorists crossing sidewalks are required to yield the right of way to approaching pedestrians. This is intended to protect pedestrians near parking lot, garage, service station and other driveways.

Any vehicle entering a through highway is required to come to a stop.

The law prohibiting unlawful riding has been broadened to include the driver as an offender if he knowingly permits a person to ride on the fenders, running board or other parts of a car where riding is forbidden.

Motor cycle operators must not carry any other person except in a side car or on a seat securely fastened behind the driver. Handgrips and foot rests must be provided for the passenger.

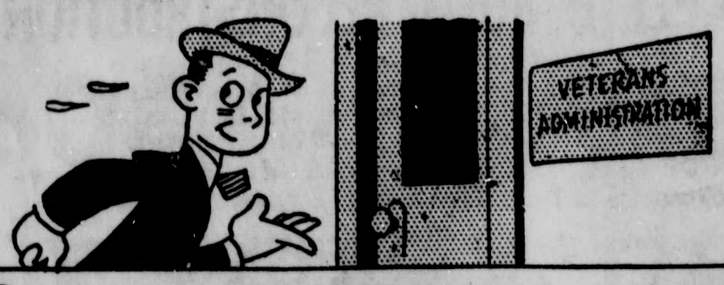

Speed contests on public highways are prohibited and all who participate are made parties to the crime. Officers may take offenders immediately before a magistrate. This new law is aimed at "hot rod" contests.

"CHISELER" CAMPAIGN INTENSIFIED

Results of the first few weeks of the Department of Employment's intensified campaign against unemployment insurance chiselers have been most gratifying, it was reported today by James G. Bryant, chairman of the California Employment Stabilization Commission.

"While the intensified campaign has only been carried on in the Sacramento valley for the past three weeks and in the San Joaquin valley for the past four weeks, it is evident that the Department's program is achieving results," Bryant declared. "The unemployment insurance claim load in the Sacramento valley has decreased about fifteen per cent and by about five per cent in the San Joaquin valley," Bryant stated. "This includes both claims for State unemployment insurance and for G.I. benefits, and is accounted for mostly by failure of claimants to return for their checks."

"About ninety possible fraud cases are now being processed in both valleys and about twelve complaints have so far been actually filed with prosecuting authorities in valley cities," Bryant declared. "In addition, restitution of jobless benefits is being obtained in about 180 additional cases where no evidence of legal fraud was apparent," he stated.

"It is anticipated that the intensified campaign will continue in both the Sacramento and San Joaquin valleys for the balance of the summer," Bryant stated. "As soon as conditions permit, similar campaigns will be started in other areas of the State, notably Southern California, the Salinas-Monterey area, and San Francisco Bay."

Bryant also announced that the Department's regular program of checking jobless insurance claimants and fraud investigation would be continued throughout the State. During the week ending August 14, 4,572 individuals who drew more than five consecutive jobless insurance checks were called in for interview. Of this number, 747 or almost seventeen per cent failed to report and were promptly disqualified. An additional 559 or fifteen per cent were referred immediately to jobs, and 663 or almost eighteen per cent were disqualified, two-thirds of whom were held to be "not available for work."

Bolivia Vast Nation

Landlocked Bolivia, third largest South American country, covers an area almost twice that of Texas. In its vast northeast, reaching to Amazon headwaters, are tropical lowlands larger than Texas. But four-fifths of its 3,500,000 people live at altitudes above 10,000 feet.

Used Fat

Used kitchen fat not only enters into the making of soap of various kinds but is also an important ingredient in the production of insecticides, paint, leather, tires and other products.

Water-Repellent Hats

American-made synthetic straw hats as well as handbags treated with a water-repellent so that light showers will be shed and finger smudges can easily be sponged off has been developed.

STOP SLOWLY

Sudden stops cause undue wear on both tires and brakes, warns the California State Automobile Association.

Marco Polo's Discovery

Marco Polo, on one of his journeys to Asia, learned the secrets of making milk and water ices and brought the recipes back with him to Italy.

First Annual Dahlia Show Was Decided Success

There were 22 individual entries and nine commercial entries in the First Annual Dahlia Show sponsored by Orlando Poletti last week end. The show was held at Geneva Florist, 910 Geneva avenue.

The judges were Glen T. Mack, of the Dahlia Society, Ernest Swanson, of the Beauty Supply Co., and Enrico Datello, of the Pelicano Nursery Co. Ribbons were awarded to the first three dahlia winners.

"We are both grateful and surprised at the wonderful response we received to the dahlia show," Poletti said today.

"The people of the district, both the flower growers and those who love flowers, have shown by their response that they definitely want this kind of an event.

"In a city of flowers the people of the district rank high if responses to such events are any criterion. It is our intention to give the people whatever we can in the way of special events, special sales features, and unique flower promotions whenever possible. We will always endeavor to supply the demand."
